J. P. MORGAN IN CONTROL OF LOUISVILLE & NASHVILLE.

A TERSE STATEMENT ISSUED

THERE WILL BE NO CORNER AND NO CHANGE.

MORGAN ASSURES THE PUBLIC

BELIEF IN WHAT HE SAYS WILL SAVE GUESSING.

New York, April 17.—The following authoritative statement respecting the Louisville and Nashville situation was made today by a member of the firm of J. P. Morgan & Co.:

"The public, as well as the speculative community, should bear in mind these three things:

"1. There will be no corner.

"2. There will be no contest for control.

"3. J. P. Morgan absolutely controls Louisville and Nashville.

"The first is assured by Mr. Gates and the manner in which he has disposed of his stock. Mr. Belmont's statements are assurances as to the second and J. P. Morgan & Co. are sponsors for the third.

"Further, Louisville and Nashville will be operated in the future as it has been in the past, and there will be no change.

"J. P. Morgan & Co. say positively that the present status of the road is the same as it has been heretofore, except that J. P. Morgan controls and directs absolutely and without qualification.

NO NEED OF GUESSING.

"Those who intimate that Mr. Gates might possibly make trouble in the future, or that he is in any position to do so, are much mistaken. The only one to be reckoned with in the management of Louisville and Nashville is Mr. Morgan. If that fact is borne in mind there will be no misunderstanding and no need of guessing. The situation is controlled by him and that should be sufficient guarantee to everybody."

Charles W. Gates, son of John W. Gates, made several trips to the office of J. P. Morgan & Co. during the morning and conferred with Mr. Perkins. Francis Lynde Stetson, Mr. Morgan's attorney, was closeted with other representatives of the firm and it was reported that all of the essential details of the agreement between Messrs. Belmont and Gates had been completed.

HISTORY REPEATS ITSELF

MR. MEEKS, LIKE FATHER ADAM, FOOLED WITH APPLES.

Sold a Ten-Dollar Consignment and Did Not Settle—Gets Stiff Sentence—Police News.

Mr. Thomas Meeks once had a predeliction for apples. To be more precise, it was not the apples so much, as what the apples would bring, that Thomas was stuck on, and this got him into trouble. Louis Schatzer had apples to sell and Thomas loaded some on a wagon and started out to sell them, and was very successful, but he failed to return to Mr. Schatzer the $10 which the apples brought in. He not only failed to return the money, but also failed to return himself, but tied him to Portland, where he was yesterday afternoon arrested by Detective Coling, who had a warrant from Judge Dreibelbiss' court. This morning he entered a plea of guilty and immediately the shadows began to draw around him. What the judge did to him was plenty. He was sentenced to pay a fine of $10, the costs of the prosecution and serve an additional five months in jail. In some localities apples come high.

William Helker woke up yesterday morning with a ravenous thirst—a consuming thirst—which he promptly proceeded to alleviate. The thirst was a prodigious one and required lots of feeding, but William was equal to the occasion and put it out of the way, but the effort was too much for him and the police put him away. This was last night. This morning the judge said he would make it only $1 and costs.

The bicycle reported stolen by Herbert Tigar was returned to him yesterday.

Clinton Sheter, a lad of about 12, reported that a man named Lefever had run over him with a bicycle and severely injured his arm. Lefever was riding on the sidewalk when the accident occurred and a warrant for his arrest was issued and placed in the hands of Detective Coling.

A woman living in the east end reported to the superintendent of police this morning that a vicious cow, the property of a neighbor, is terrorizing her vicinity. An officer was sent out to interview and pacify the cow.

Several days ago Superintendent Gorsline received an inquiry concerning the whereabouts of Mrs. Lydia M. Aikens, but to date has been unable to locate her, although he has reason to believe that she is in the city. If this notice should fall under the notice of Mrs. Aikens or any of her friends, the lady named will learn something to her advantage upon calling upon the superintendent at any time.

GATHERED IN SOUTH BEND

INDIANA COMMANDERY OF KNIGHTS TEMPLAR.

Two Thousand Visitors Attend the Forty-Eighth Annual Conclave —Governor Views Parade.

South Bend, Ind., April 17.—The forty-eighth annual conclave of grand commandery Knights Templar of Indiana began in this city with 2,000 knights in attendance. Some of the knights arrived Tuesday, but the throng did not come until yesterday. The great feature of the day was the grand parade yesterday afternoon, in which 1,500 knights participated. The parade was reviewed by the grand commandery officers and Governor Winfield T. Durbin. Following the parade the grand commandery convened in the Oliver opera house, headquarters during the conclave. The sir knights were welcomed to the city by Mayor Schuyler Colfax. W. G. Crabill of the South Bend commandery welcomed the visitors in behalf of local Knights Templar. John E. Rupe, of Richmond, responded to the address of welcome. A reception and grand ball was held last night at the Oliver opera house, beginning at 8 o'clock. This was one of the most brilliant affairs ever held in South Bend.

The guests of honor were the grand commandery eviisting sir knights and their ladies. The grand march was led by Grand Commander L. P. Newby, of Knightstown, and Mrs. M. W. Mix, of Mishawaka.

A CHANGE IN BUSINESS.

Frederick J. Reineke, who for the past eight years has owned and conducted the upholstery, awning and mattress business at 41 East Main street, has sold out to Edward Miller, of Dayton, Ohio, who has taken charge and will continue the business at the same stand. Mr. Reineke built up a fine business, but desires to retire for a temporary rest and to engage in other and less onerous pursuits. He will remain for a time, however, with the new proprietor, whom he recommends to his friends as worthy of confidence. Mr. Reineke will not leave Fort Wayne, an announcement that will be received with satisfaction.

INSPECTION WAS THOROUGH

BATTERY B UNDER THE EYE OF MAJOR STEVENSON.

Fort Wayne Artillerymen Exemplify the Tactics—New Members are Mustered In.

Members of battery B were put through about every evolution in the tactics last evening on the occasion of the inspection by Major Stevenson, of Rockville, commanding the artillery batallion of the Indiana national guard. The inspection was a most thorough one and the local soldiery did itself much credit throughout the exhausting ordeal. While the commanding officer gave no verbal intimation of his opinion, his manner indicated that he was most highly pleased at the condition of the battery.

Major Stevenson was accompanied by two members of his staff, Adjt. F. P. Van Camp and Commissary E. H. Burford, of Indianapolis, and the officers left this morning for the south. At the meeting last evening five additional members were mustered into the battery by Lieutenant Jones.

PALMA SAILS FOR CUBA.

Hampton, Va., April 17.—President-elect Tomas Estrada Palma sailed on the steamer Admiral Farragut for Cuba today. Several hundred people assembled to bid him farewell. He will reach Cuba Sunday afternoon.

HE GIVES DETAILS

SOLDIER TELLS OF TORTURE IN PHILIPPINES.

APPLYING THE WATER CURE

ORDERS WERE GIVEN DETAIL BY CAPTAIN GLENN.

THE BURNING OF VILLAGES

POPULOUS PLACES WIPED OUT BY THE TORCH.

Washington, April 17.—Edward J. Davis, of Greenfield, Mass., who was a sergeant in company M, Twenty-sixth volunteer infantry, was before the senate committee on the Philippines today. He was present in the convent at Igbaras, November 27, 1900, when the "water cure" was administered to the presidente of the town of Igbaras, as testified to by Sergeant Riley and Private Smith and related the incidents connected therewith. He was sworn before being examined and was questioned by Senator Rawlins. He spoke of the arrival of the regulars under the command of Captain Glenn. He said that under orders from Captain Glenn he, with a squad, had taken the presidente into custody on Nov. 27, and had escorted him to the convent, where the "cure" was administered.

DETAILED THE TORTURE.

He repeated the story of the torture of the presidente, adding some details. The man was, he said, about 40 years of age. When he was taken into the convent he was asked to give information as to whether runners had been sent out to notify the insurgents of the arrival of the scouts in the town. Refusing to do this, the water detail, consisting of two privates of the Eighteenth infantry, was ordered by Captain Glenn to strip him. The man's clothing was removed above the waist and his hands tied behind him, when the cure was administered by this detail. "He was then," the witness said, "taken to the water tank and thrown upon his back and while an interpreter stood over him, a stream of water was directed into his mouth, which was held open."

"Who gave the command for this treatment?"

"Captain Glenn."

"How was the man's mouth kept open?"

"By means of a stick, but I could not see just how it was done."

ROLLED IT OUT OF VICTIM.

Continuing, the witness said that when the victim of the cure was filled with water the members of the detail would force it out of him by rolling their fists over the stomach and that the process was kept up for about ten minutes.

He described the second application of the cure as previously testified to and corroborated Sergeant Riley in the statement that the details of this performance were under the charge of Contract Surgeon Lyons and that Captain Glenn and Lieutenant Conger were both present when it occurred.

Mr. Davis said in reply to questions as to the physical effect of the process that the man "squealed" terribly and that his eyes were bloodshot, but that the next day he was able to mount his horse and lead the scouts to the mountains. Afterward he was, the witness said, taken to Iloilo and placed in prison.

The witness also repeated the statement that two police officers of the town of Igbaras had been subjected to the water cure.

"There was," he added, "also a native school teacher there who was maltreated at the same time, but the water cure was not administered to him. He was taken into one of the back rooms of the convent by Dr. Lyons, who secured the information he wanted from him by placing two Colts revolvers to his head, thus rendering it unnecessary to administer the cure."

"Did you see this?"

"I did."

DETAILS OF TOWN BURNING.

Mr. Davis also gave the details of the burning of the town of Igbaras, which he said contained about 10,000 people, but no business places. All except 15 houses were destroyed and men, women and children were forced out indiscriminately.

Senator Burrows: "Who gave the order to burn the town?"

The witness: "Captain Glenn."

"To whom did he give it?"

"To Lieutenant Conger. He told the lieutenant to burn the town."

"Did you hear him?"

"I did."

"Did he say why it should be burned?"

"He did not."

The witness also said that a neighboring town containing about 12,000 people had been burned, but that he did not know who had given the order for its destruction.

He stated in reply to questions that the torture in all the instances mentioned had been conducted by the regular soldiers and that they had not been participated in by the members of his regiment, the Twenty-sixth volunteers. "My orders were," he said, "to treat the natives kindly, and so far as I observed the soldiers generally so treated them, with the exceptions I have mentioned."

After Mr. Davis was excused the committee went into executive session to consider the advisability of summoning witnesses from the Philippines and other portions of the orient to testify.

MAY SUMMON AGUINALDO.

Senator Rawlins submitted the following names as those of men whom he thought it necessary to call: Aguinaldo, Mabini, who was one Aguinaldo's principal advisers; Sixto Lopez, who has been for several years in the United States in the interest of Philippine independence; Judge Pio del Pilar, General Torres, Howard W. Bray, an Englishman who has spent many years in the Philippines, and Robert M. Collins and Harold Martin, press correspondents.

The committee discussed the advisability of summoning these witnesses, but postponed action until a full attendance of members of the committee could be secured. Objection to calling them was made by several of the members on the ground that some of the persons mentioned were formerly in insurrection against the United States; that others were not citizens of this country, and that most of them would have to be brought from a very great distance.

INVESTIGATION HAS ENDED

ALL TESTIMONY TAKEN IN PRISON INQUIRY.

No Report Will be Made Until the Testimony is Reviewed—Dr. Horne Pays Back.

Indianapolis, Ind., April 17.—The Sentinel this morning prints the following special from Michigan City under date of April 16:

The last act in the investigation at the Michigan City prison was recorded today when the last of ninety witnesses was conducted safely around the threatening volcano, the convict labor contract shops. Not until the hundreds of thousands of words of testimony are written out and the board goes over the entire mass will the finding of the investigation committee be formally announced to the public. But Deputy Warden Barnard will be "vindicated" and the formal announcement will be practically the same as the statement published exclusively in the Sentinel this morning. No expense has been spared in the conducting of the investigation, and although the decision of the board was publicly announced by the president of the board several days ago, the original program arranged for the investigation of the "twenty specific charges" filed by Dr. Horne was carried out to the letter. Safely ensconced behind the bulwark thrown up by the determination of the investigators to investigate nothing but the charges for which provision was made in the original program, the convict labor contractors passed through the investigation undisturbed.

The board, however, informally considered the charges made against Dr. Horne and decided that it was a matter within the jurisdiction of the board of control, and that board will dispose of it.

Dr. Horne today paid back to the state $28 he had received as commission on the sale of vaccine virus, and wrote a letter to the board explaining the conditions under which he took it.

Governor Durbin left today for South Bend to attend the meeting of the grand commandery, Knights Templars, and by tonight all of the investigation boards had left the prison. It will be some weeks before the official report of the investigation will be made public.

WILHELMINA'S CONDITION.

Amsterdam, April 17.—The cause of Queen Wilhelmina's illness is a miscarriage. An official bulletin published today says her majesty passed a somewhat less tranquil night. The fever, however, has not increased and her condition is comparatively satisfactory. It was authoritatively declared this afternoon that the report that the queen is suffering from peritonitis and nephritis is untrue. The danger is now regarded as passed.

DEBATE IS WARM

CUBAN BILL INSPIRES THE HOUSE ORATORS.

DE ARMOND GROWS CAUSTIC

PROMISES REPUBLICANS A CHANCE AGAINST TRUSTS.

CUSHMAN ASSAILS RULES

A HOT ASSAULT MADE BY THE WASHINGTON MEMBER.

Washington, April 17.—The house began its session at 11 o'clock today in order to expedite the Cuban reciprocity bill. A veto message was received from President Roosevelt of a bill pensioning Thomas F. Walter, and was referred to the committee on invalid pensions.

Consideration of the Cuban reciprocity bill was resumed and Mr. Jenkins, of Wisconsin, spoke on the political status of Cuba, maintaining that there could be no suspended sovereignty and that at the present time Cuba was under the political dominion of the United States.

Mr. Jenkins opposed the bill because our relations toward Cuba were not such as to permit of the proposed reciprocity treaty.

Mr. Gaines, of West Virginia, also opposed the bill, declaring that it was unnecessary and unwise.

Mr. Warner, of Illinois, who followed, was also against the bill. He insisted that the measure was not along republican lines and when he declared that at heart a majority of the members on the republican side were opposed to it, the republican opponents of the bill gave him a round of applause.

DEARMOND VITRIOLIC.

Mr. DeArmond, of Missouri, made a speech which attracted much attention. He employed his vitriolic comment upon the attitude of members with his accustomed freedom. Calling attention to the fact that members on both sides, whether they opposed or advocated a measure, justified their course by an appeal to their party principles, he remarked that viewed from these diverse standpoints the measure was indeed a remarkable departure in legislation. He commented upon the statement of General Grosvenor, a few days ago, that later the high rates of the Dingley law would be reduced and revised by the friends of that act. If the rates were too high he saw no reason why the reduction should not occur now, and in this connection referred sarcastically to the Babcock bill to place steel on the free list. Its author had voted against the bill in committee and he intimated broadly that the purpose of its introduction was to hold up the steel trust and other kindred trusts for the benefit of his party in the coming campaign.

WILL GET A CHANCE.

Speaking of the sugar trust he observed that to hear members talk one would think there was nothing so friendless in the house as this trust. "Fortunately," he said, ironically, "there will be opportunity later for the members to show by their votes that they have not misrepresented themselves." (Laughter.)

It was contended, he said, on the other side that the tariff which had developed the gigantic trusts should be reformed by its friends. "I think," he exclaimed, "that the tariff should be reformed by the friends of the American people." (Democratic applause.)

A BREEZY SPEECH.

Mr. Cushman, of Washington, made a breezy speech against the bill. He declared that a majority of the republicans of the house were today opposed to it, although a majority were undoubtedly today convinced that it would be better for them to be in favor of it. He intimated that the speaker's position was responsible for the change of attitude of many of the members and followed this statement with a very outspoken and almost sensational criticism of the power exercised by the speaker.

He declared that he was prepared to make the statement that no bill, public or private, could be considered without the speaker's approval. "If there is anyone here who desires to deny that statement," said he, pausing, "I am here to hear valuable testimony for his benefit. Who is the speaker of this house who sets up his immaculate judgment against that of the members?" he asked, and then proceeded to describe, amid the applause of the democrats and many of the republicans, how a bill, after its introduction, was finally worked through committee to the calendar. "It is called the calendar," said he, "although it should be called the cemetery, because it is strewn with the whitened bones of legislative hopes." On the calendar the bill remained until the speaker was ready to have it considered. He disclaimed any intention of reflecting upon the speaker personally or politically, as he had for him the highest regard. It was the fault of the members themselves, he said, that they were powerless before the machine that controlled the house.

THE RULES A DISGRACE.

"We adopted a set of rules," said he, "which are an absolute disgrace to this house. They are un-republican, un-democratic and un-American. (Democratic applause.) They are rotten at both ends. They rob the individual member of his rights and place upon some members duties which they have no capacity to fulfill." (Renewed laughter and applause.)

IN THE SENATE.

Washington, April 17.—After the passage of some minor bills today in the senate the resolutions offered by Mr. Culbertson, of Texas, directing the secretary of war to send to the senate a statement of money paid by the United States on account of the Philippine commission and a statement of the amount of money expended for sending troops to the Philippines and for their maintenance, were agreed to.

Mr. Morgan, of Alabama, chairman of the committee on isthmian canals, at the conclusion of routine business, addressed the senate upon the Hepburn bill providing for a Nicaraguan canal.

A WIFE SUES FOR DAMAGES

MRS. SMITH SAYS HUSBAND'S AFFECTIONS WERE

Alienated by Maud Pierson and She is Suing for $3,000—Bad Case Up Again—Court News.

And once again Eliza Smith bobs up in court as plaintiff in a case charging Maud Pierson with having alienated the affections of her husband, Philip Smith. The complaint is what might be called a copious one and not altogether in its entirety desirable newspaper matter. In a general way Mrs. Smith says that she lived happily for many years with her husband, Philip Smith, until about January 1, 1901, when Maud entered the arena. The complaint alleges that Maud has been a bad actor and has stolen not only the affections of the husband, but the husband himself, who spends most of his time, day and night, in her company, whereby she claims to be damaged inestimably in mind and $3,000 worth in cash, for which she asks judgment. The Smith case has been a prolific newspaper germ for many moons and whenever business got dull in court circles, the anxious court reporter could always confidently rely upon Eliza and Philip Smith coming to the rescue pretty soon with some kind of a case, and Maud Pierson was always a co-respondent in some shape. Mrs. Smith refuses to consent to a divorce because she says she thinks that is what Philip wants.

ABOUT THE COURT HOUSE.

Mrs. Lillian Stites today filed her final report as executrix of the estate of her husband, Harvey Stites, deceased.

The case of the Kerr Murray Manufacturing company against Langer has been dismissed.

The Benedict divorce case has been adjusted out of court, a reconciliation has been effected, and the case was this afternoon stricken from the docket.

In the case of Van Meter vs. Mautner, an intervening petition and claim was today filed by the Jenney Electric Light company.

The case of Feldman vs. Taft was today stricken from the superior court docket.

The county commissioners will not be in session again until Saturday.

PARRY MADE PRESIDENT.

Indianapolis, April 17.—D. M. Parry, of Indianapolis, was elected president of the National Manufacturers' association. E. H. Sanborn, of Philadelphia, was elected secretary and Hamilton Carhart, of Detroit, treasurer. The convention selected New Orleans as the next convention city.

POSTOFFICE AT EATON ROBBED.

Eaton, Ind., April 17.—Robbers into a blacksmith shop early today, secured tools and pried their way into the postoffice. They took $1,600 in stamps, $100 in money and $400 in jewelry, and after stealing a horse and buggy drove away.

FRATERNAL INSURANCE SOCIETY OF AMERICA.

NEW LIFE INSURANCE ORDER

WELL KNOWN MEN COMPRISE THE SUPREME OFFICERS.

HOME OFFICE IN THIS CITY

PLANS FOR GREAT FRATERNITY ON SOUND BASIS.

The Fraternal Insurance Society of America, an organization designed to furnish to its members reliable life insurance upon lines which embrace the best features of both old-line and previous fraternal societies, has just been organized in Fort Wayne and the formation of the supreme council has been completed by electing the following officers:

Past Supreme President—Lieut. Gov. N. W. Gilbert.
President—F. A. Randall.
Vice President—Frank K. Safford.
Secretary—Fremont L. Jones.
Treasurer—Ernest W. Cook.
Medical Director—Dr. C. H. English.
Counsellor—D. B. Minde.
Manager—Wilbur Wynant.
Editor—H. C. Rockhill.
Chaplain—Rev. J. Webster Bailey.
Sergeant-at-Arms—M. W. Kemp.
Guard—Fay P. Randall.

PLAN IS PERMANENT.

Wilbur Wynant, a life insurance man of wide experience, has been at work for several weeks upon the organization of the society and the scope of the new organizatio n embraces a fraternal and beneficial order organized upon a permanent plan. The fraternal congress rate of mortality is used as a basis for computations, and under the administration of the new society will create as large a reserve as that of the old-line plans. Two classes of certificates are to be written—temporary disability and funeral benefit and death benefit, and both ladies and gentlemen are to be admitted to membership upon an equal basis. Policies are written for persons between the ages of eighteen and fifty-five years, the monthly payments ranging from $1 to $3.67 on each $1,000.

Fort Wayne is to be the permanent home office of the society, and a suite of offices has already been leased in the Citizens' Trust company building. Literature of the company is in the hands of the printer and M. W. Kemp is at work upon the ritual of the society.

Articles of incorporation will be filed as soon as 300 members are secured, and the preliminary campaign for securing these names has already commenced. It will require but a few days, as the promoters believe the new society presents so many admirable features that it will be but a short time until the membership mounts up into the thousands. Councils are to be organized not only in Fort Wayne, but in every portion of the United States, and Mr. Wynant estimates that within the next four or five years the society will be doing an annual business of from $400,000 to $800,000.

The officers of the supreme council are well known Fort Wayne business and professional men, and this alone is sufficient guarantee that the affairs of the company will be administered along safe and conservatives lines. The lodge plan of organization will enable the expense to be kept down to a minimum. There will be no initiation fee, no per capita tax, and the medical examination fee is paid entirely by the supreme council. It is expected that the new society will show all the strength of the old-line companies at a much lower expense of maintenance.

FOIL PRISONERS WITH MOPS.

Kokomo, Ind., April 17.—Two scrubwomen prevented a wholesale jail delivery here yesterday. Guy Neff, Bert Lackey and Bert Lewis, reputed leaders of a gang of thieves, took advantage of the absence of Sheriff Harness and with saws slipped to them in pies sawed off their cell bars. The scrubwomen at work in the corridor attacked the prisoners with brooms and mops when they tried to rush out of the corridor door. The women held the crowd at bay till the door could be locked.

ROOT GOES TO CUBA.

New York, April 17.—Secretary Root started for Cuba today on the steamship Esperanza.

A fine program has been prepared for the entertainment to be given in K. of P. hall Friday evening by Pathfinder lodge No. 19.

DOLL CONTEST DECIDED.

The doll contest at St. Mary's church fair was settled last evening, Miss Agnes Jouch winning with 1683 votes. Miss Henrietta Treptman was second with 1023 votes, while Miss Addie Seiler was third with 1119½ votes. As a consolation the other young ladies were presented with dolls, the counterpart of the one contested for, by Father Oechtering. Henry App won a smoking set. Mrs. App a quilt, and Miss Gertrude Pothoff an easy chair. The crowd last evening numbered considerably over a thousand and much interest was manifested in the contests. This evening the plow and sleigh contests will be settled, and tomorrow night a handsome buggy, donated by the Wayne Buggy company, will be given away.

Tired Out

That's nothing. Every one is tired at times. The trouble is you can't get rested. It's your impure blood that makes the disturbance. Try Ayer's Sarsaparilla. Your doctor will tell you what is in it, and why it will help you so promptly.

"I suffered terribly for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon in the best of health again."

W. P. COOPER RETURNS.

W. P. Cooper, who, with other members of the state board of charities, has been at Michigan City investigating the charges against prison officials, returned home last evening. Mr. Cooper says the examination was most searching, though he will, of course, give no intimation of the probable nature of the final finding of the board. The board was in session fifty-two hours and about eighty witnesses were examined. The board's stenographer is now at work transcribing the stenographic reports of the evidence taken. When this is completed, two or three weeks hence, the board will meet at Indianapolis, go over the evidence carefully and make a final finding in the matter.

AGAIN WITH DRUG COMPANY.

W. W. Bogart, who was for nearly three years a salesman for the Fort Wayne Drug company and later took a position on sundries salesman with Morrison, Plummer & Co., of Chicago, has returned to the drug company to take the position of manager of the sundries department made vacant by the election of Henry Bowerfind to be secretary of the company. Mr. Bogart is very popular with druggists in and out of Fort Wayne and his many friends will wish him success.

COURSE WAS A SUCCESS.

The People's Lecture course, which closed with the lecture by Dr. Parsons at the West Jefferson street Church of Christ on Tuesday evening, was a decided success in every respect. The class of entertainments was of the highest and the patronage was very satisfactory to the management. The course was not given with the idea of making money, although there is a small balance over expenses, but with the intention of providing good entertainment at low prices. A similar course of lectures will be given next fall, equal in every respect to the one just closed.

EVER GET "FULL?"

On Other Things Than Liquor.

It is profitable for anyone to study food in order to regulate the health, not with medicine, but by building up healthy nerve centers with good food.

A man who has made something of a study on this line writes from Iowa City: "When I first tried Grape-Nuts it was at the table of a prominent state official and the remarkable taste attracted me. I afterwards investigated the subject carefully and discovered that Grape-Nuts contains dextrose sugar. The starchy part of the food is transformed into starch sugar or dextrose. Those same results are produced by the digestive organs by the action of the saliva and the pancreatic juices on starchy foods. These facts convinced me that Grape-Nuts is a natural, pre-digested food and just what I required and needed.

"I had been suffering from a full feeling after meals and generally more or less headache. All this trouble left when I quit using white bread, warm biscuits, etc.

"It was about this time I came home from school, broken down physically and mentally. I only weighed 110 pounds. At my earnest request mother began serving Grape-Nuts every meal and she said she had never eaten anything that agreed with her physical condition as did my 'new food' as she termed it.

"In five weeks I weighed 133 pounds, a gain of 13 pounds, and I feel so strong that I have been able to do from 10 to 15 hours of hard work daily. My mind has never seemed so clear before and I am thoroughly convinced that there is no food like Grape-Nuts to produce health and a strong and clear brain." Lee Arlington, Box 1755, Iowa City, Ia.

MAILED A MONSTER LETTER.

(Huntington Herald.)

Chas. Myers, the jovial implement salesman, has on display at the W. S. Paul store, on Warren street, a letter and envelope which is probably the largest which ever came through the postoffice in this city. The sheet of paper comprising the letter is about six feet long and three feet wide. The envelope measures 32x10 inches and cost of postage was twenty-eight cents. The letter came from John A. Coy, of Fort Wayne. A few days ago Chas. Myers wrote to Mr. Coy at Fort Wayne concerning some advertising matter for the McCormick machines, Mr. Coy being the general agent for Northern Indiana. The letter was written in a joking way and Mr. Coy thought he would return the compliment by sending a monster reply. Besides the twenty-eight cents postage there was a special delivery stamp on the envelope. When the boy took the letter around to the store, Myers hardly knew what to think, but he soon was enjoying the joke. The letter and envelope has been nailed up in the store for the inspection of all who call.

PRAISE FOR REV. PRESTON.

(Kokomo Dispatch.)

Rev. A. S. Preston's friends in this city were greatly gratified Tuesday in noting the return of Rev. Preston, formerly pastor of the Grace church in this city, to the Wayne street church at Fort Wayne. Rev. Preston is a man of rare ability in the pulpit, scholarly and with an exceptional literary efficiency. He is greatly admired and beloved at his Fort Wayne charge both as a pulpiteer and as a man. He was heard Sunday night at Marion during the conference and the large crowd at the Temple, where he spoke, went away greatly pleased and delighted with the sermon.

Miss May Greene, of this city, is now in the employ of the Auburn Dispatch.

Plain Matter-of-Fact Statements—Direct—Convincing—And Straight to the Point.—The Merits of Dr. A. W. Chase's Nerve Pills Told by Fort Wayne People in a Way that Carries Conviction.

Monroe Street.

Mrs. A. B. Slemmer, of No. 13 Monroe St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills are an excellent general and nerve tonic. From a use in our house we can safely recommend them to those who from any cause are debilitated, run down, nervous and generally out of sorts. In such a case as this with us they proved their value, building the patient up in general health and strength as well as nerve strength. We procured the pills at Meyer Bros. & Co.'s drug store, No. 14 Calhoun St."

This shaped box—no other.

Lafayette Street.

Mr. John Mooney, of No. 186 Lafayette St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills are a splendid medicine. My heart was very irregular due to excessive tobacco using. The nervous system itself was profoundly impressed by the tobacco. I was told of the Nerve Pills and got some at Meyer Bros. & Co.'s drug store, No. 14 Calhoun St. The medicine so toned up the nervous system and strengthened me that the heart action became steady and strong—something it has not been for a long time. I am greatly pleased with the medicine."

BEWARE OF IMITATIONS. Signature and portrait of Dr. A. W. Chase on each box of the genuine.

The "water cure" is nothing new, but as it is applied in the Philippines it is not likely to receive the endorsement of advocates of that hygienic cult.

J. P. Morgan has taken half of the new British loan of $160,000,000, but has considerately left the other half for British investors. Mr. Morgan has profound appreciation of the value of the tie that binds.

Along with General Chaffee's announcement of the surrender of Malvar, the last of the prominent Filipino leaders to quit fighting, comes news of a serious clash with the Moros in Mindanao. There has been a deal of anxiety to avoid a clash with the Moros and if the trouble assumes large proportions there are likely to be serious times. The Moros are warlike, numerous and their country very remote from our military base in the Philippines.

Congressman Robinson, of this district, has been taking a rather prominent part in the house debates recently and has become one of the members to whom the house will listen to. During the Cuban debate the other day he took occasion to give Congressman Newlands, of Nevada, a well-meant but severe basting on the subject of Cuban annexation. The Indiana member's attention to the lone congressman from the sage brush state was the more striking from the fact that Mr. Newlands is a democrat. Mr. Robinson's speech was what the late Josh Billings would have called "sarkastic-like," but it was also eloquent in its plea for the full independence of the Cubans.

The public will be much interested to know something of the details of any plan Mayor Berghoff has by which the city may at once acquire ownership of the Jenney electric lighting plant and system. Anything pertaining to this municipal project will command serious attention.

Just what will happen in the house when the Chinese exclusion bill passed by the senate comes up is hard to forecast. Doubtless, however, a conference will be necessary to get a bill that both branches will pass. The senate bill does little more than extend the time of the well known Geary law. This will not be satisfactory to the far western states, but it displays a healthy sentiment in the senate, which refused to enact the stringent measure that had been under consideration while our present treaty with China is in force. The Geary law serves its purpose very well, though it has been most flagrantly violated, oftentimes with the connivance of officials.

The prohibition party of Indiana has nominated a state ticket and will inaugurate a vigorous campaign Particular attention is to be given the work of raising a campaign fund, something the party is always seriously handicapped by the want of. A definite plan to raise money has been adopted and the party leaders feel hopeful that a campaign productive of good results can be carried on in Indiana this year. There is something to profoundly admire in the earnestness of the efforts and the cheerfulness of the sacrifice the prohibitionists make. There is no prospect of immediate party success to cheer their labors nor even a sight of the offices. But they work on and give generously because they believe they are right and have devoted faith that the fruits of their striving today will be gathered in the triumph of the future, however long that triumph may be deferred.

THE MARKETS.

Chicago, April 17.—Bulls had the better of the wheat argument at the opening today and with it pressed wheat prices higher. The weather map showed less rain than had been expected, and in some sections of the wheat belt frosts were reported. A prominent statistical journal reported damaging effects from the continued cold weather. On the other hand bears were claiming favorable conditions and almost bumper crops. Cables were lower, but the crowd wanted to buy and May wheat opened ½c to ¾c higher at 73¼c to 74⅛c and with a rush topped 75c. Northwestern farmers were said to be delivering wheat more liberally and May eased to 74⅛c and steadied. Local receipts were 46 cars, 1 of contract grade. Minneapolis and Duluth reported 181 cars, making a total for the three points of 207 cars, against 164 last week and 272 a year ago.

Heavy selling for profits both by locals and for the St. Louis account depressed May wheat to 73⅞c. The crowd, however, still remained rather bullish and on rally May closed strong, 1⅛c higher at 74⅛c.

Corn had little new reason for higher prices save the influence of the wheat bulge, but May opened ⅛c to ¼c higher at 61⅞c to 62⅛c. Ground breaking was reported going on well and cables were slightly lower—probably not low enough to respond to our weakness yesterday. The general opinion prevailed that country offerings of the cereal were becoming freer. In spite of these factors the bulls had matters well in hand early, shorts covered and May corn sold up to 62⅝c. Receipts were only 50 cars.

May corn sold down to 61¾c when wheat was liquidated, but the tone was strong, May touching 62⅜ and closing firm, ⅜c higher, at 62⅜c.

Oats had some bullish crop news in the matter of poor growing weather to help prices. May opened ¼c to ⅜c higher on this and the other grain influence, selling between 43¼c to 43⅝c. Offerings were fair and prices eased off to 43c and steadied. Receipts were 121 cars.

Provisions were strong again at the opening after yesterday's liquidation. The hog run was small and pork and ribs were in demand. Packers supported. The trade was fair. May pork opened 10c up at $16.87½ and advanced to $16.95; May lard started unchanged at $9.70 and gained 2½c, and May ribs 3c to 7½c up at $9.20@9.22½.

THE DAY ON WALL STREET.

New York, April 17.—Enormous buying orders were executed in various stocks, notably amongst the coalers and Wisconsin Central and prices rose throughout the list. Opening sales of Reading were of 25,000 shares at 80½ to 80⅝, compared with 59½ last night and 12,000 shares of Wisconsin Central were sold simultaneously at 28½ to 28, compared with 27½ last night. Colorado Fuel opened wide at 104 to 105, compared with 103⅞ last night. International Power jumped 6 and Iowa Central preferred 2½ and there were gains of a point or upwards in a number of other stocks. Amalgamated Copper opened down a sharp fraction, Northwest a point and Southern Railway a quarter, but this did not affect the general strength of the market.

The opening strong stocks showed effects of profit-taking, Wisconsin Central reacting 1⅜. Sugar nearly a point and St. Paul selling under last night. The coalers held well, Reading rising to 81⅛, but the Pacifics, the soft coalers and some of the southwesterns yielded. There were gains of between 1 and 2 points by some less active stocks, the more important of which were Canadian Pacific, Tennessee Coal, Chicago, Indianapolis and Louisville, Cleveland, C., C. & St. Louis, the Chicago Great Western stocks and the Chicago Terminal stocks. The United States Steel stocks were taken up after a long period of neglect and gained about a point each. Amalgamated recovered its decline and Manhattan rose nearly a point. American Express gained 3. United States Express and North American 1½ and Iowa Central preferred extended its rise to 3. Fort Worth and Denver City Stamped rose 2½. International Power continued its remarkable rise to 156. Louisville was sold down 2⅜ to 122½ and the Southern Railway stocks were quiet and a shade under the opening. Northwestern lost 2 points.

The high-priced coalers came into the advance, Lackawanna jumping 6½, New Jersey Central 4 and Delaware and Hudson 2. Rock Island was also lifted 1½ and Atchison 1. Selling of Amalgamated carried it below 64 and weakened other stocks. Southern Railway fell to 36 and the advance in many other prominent stocks was wiped out or reduced. International Power broke 8.

Bonds were irregular.

WANT TO BE CHAIRMAN.

The chairmanship of the Allen county delegation to the republican state convention is in pretty high demand among a number of prominent Fort Wayne republicans, and a lusty lot of political fences are already stretching away in various directions over the county. H. E. Hanna was perhaps earliest after the plum, but it is said that W. E. Dowd has done considerable missionary work in the outside districts, and will be prepared to make a dash for the coveted honor. Others who are being mentioned for the place are P. L. Zerbaugh and G. H. Losch.

KNIGHTS TEMPLAR HOME.

Nearly all the Fort Wayne Knights Templar who attended the conclave at South Bend returned home last evening. Only the delegates remained for the business sessions of the commandery today.

The Majority of People Have Impure and Poisoned Blood Coursing Through the Body in Springtime

Paine's Celery Compound

Is the Fountain of Health from Which the Disease Laden May Draw a Fresh Supply of Vitality and Health.

A Cure of Blood Poisoning that Has Commanded the Attention of Thousands.

Is your blood impure, poisoned or sluggish? It must be if you have eruptions, boils, pimples, blotches, running sores, eczema or salt rheum. With such troubles and ailments the blood is fast carrying disease and death to the body.

To be clean, sound, vigorous, healthy and happy you must use Paine's Celery Compound before the advent of the hot summer days. At this time the vitalising and health giving work of Paine's Celery Compound shows quickly upon the blood, which is purified and made rich with nutriment that builds up the nerves and tissues.

Remember that "Paine's" is the kind that cures. At all times refuse the something just as good offered by some dealers.

Thousands of sufferers burdened with some form of disease, the result of impure and poisoned, impure or sluggish blood, will thank heaven that their attention has been directed to the great fount of healing after a perusal of the following letter written by Mr. J. Argetsinger, of 2722 14th ave., Minneapolis, Minn.:

"Last winter I had blood poisoning, caused from a cut on my finger. This formed an abscess under my arm and I was in the hospital for three weeks. At times I felt as though I was going out of my head. When I touched the end of my spine I felt the shock in my head at once. My memory was poor, and I sometimes forget my neighbors' names. Sometimes I had pains in my left side just below the heart, and a pessimism of evil was continually with me. Paine's Celery Compound has given me a new lease of life, and I hope others will try it."

WABASH HAS TO GO TO CHICAGO FOR TRACK LABORERS.

Fred Meyers has resigned the position of foreman of the foundry department of the Western Gas Construction company's plant, out in the east end, and will in a few days take another position. He is succeeded by William D. Scheumann, who resigned a position at the Bass foundry for that purpose. These changes occurred yesterday. Mr. Scheumann is one of the best moulders in the city. For twenty-eight years he was thus employed at the Bass foundry and for the past twelve years worked in the department over which Foreman Jacob Steir presides. His resignation caused quite a stir at the foundry, where he is popular with both employer and his associates. Mr. Meyers is also a good workman and has had considerable experience as a foreman. Before going to the Western Gas works he was foreman for a number of years of the skein department of the Bass foundry. He is considering two offers and has not decided upon either.

WORLD'S RECORD BROKEN.

Denver, Col., April 17—The world's record has been broken in a run of 14.8 miles on the western division of the Chicago, Burlington and Quincy railway, when an average of nearly 100 miles an hour was made by a regular passenger train. Details of the trip were made public today by P. S. Eustis, passenger traffic manager of the Burlington system. The run was made by train No. 6, eastbound, which left Denver March 26 behind time. A heavy wind prevailed to Akron, 112 miles from Denver, and the train was thirty minutes behind time at that point. In order to make up time a heavy head of steam was put on and between Bekley and Wray, a distance of 14.8 miles, the remarkable time of nine minutes was made—a rate of 96.7 miles an hour. "It is the fastest time ever made for a run of any length," said Mr. Eustis. Present on the train were H. C. Bush, traffic manager of the Colorado Midland; Mr. Lindsay, of Pittsburg, manager for Andrew Carnegie, with a party of seventeen, and Arthur Johnson, of Denver.

HE GOT THE PENSION.

H. C. C. Mees, the Pittsburg shopman who has been sick for so many months, has received notice that his application to go on the Pennsylvania company's pension roll has been granted and that he is now entitled to the monthly allowance due to his class. The pension board met in this city several weeks ago to take action on this case.

BUSINESS LIGHT.

Traffic on some of the Fort Wayne roads has fallen away and the dullest season of the past two or three years is now on. As a result, regular trainmen are making but very little money and the extra man is earning absolutely nothing. Conditions are likely to change, however, and next week may bring all the traffic the lines can handle.

AGENTS PROMOTED.

T. G. Hopkins, for some years station agent at Berne for the Grand Rapids and Indiana company, has been transferred to Winchester and L. Broughton has been transferred from Briant to Berne. Both of these changes are in line of promotion.

WILL ENTERTAIN TONIGHT.

The Ladies' auxiliary of the International Association of Machinists will give its first important entertainment at the hall, 138 Calhoun street, old number, this evening. They have been at great pains to prepare for this event and will see that all their friends who favor them with a call will be well taken care of. The early part of the evening will be devoted to progressive pedro and then will come the dance program. Good music has been secured for the occasion and it should be a social success.

PASSING OF THE FINDLAY.

The Findlay Morning Republican says: "The passing of the general offices of the Tangent line to that hand. For a number of years the fourth floor of the Argyle block has been the home of the management of the little line that has lately passed under the control of the Cincinnati, Hamilton and Dayton, and the preparations for the breaking up of "the happy home" are not unaccompanied by regret. The days are few, however, before the offices will be vacated and the management of this division of the Cincinnati, Hamilton and Dayton transferred to the office of Division Superintendent Floster at Lima. Superintendent Fenton, whose resignation took effect the first of the month, is making arrangements to remove from the city and after a couple of months travel will again don the harness with an eastern road. Train Dispatcher Johnston is the only officer of the line left in the old Findlay offices, and it is said that he is to be transferred to Ottawa. The old Findlay, Fort Wayne and Western passenger station at that point, which has been abandoned since the amalgamation of the line with the Cincinnati, Hamilton and Dayton, is to be fitted up as his office and he will manage the disposition of trains between Findlay and Detroit from that point, with direct wires to the Cincinnati and Lima offices. Mr. Johnston has a host of friends in Findlay who regret his departure."

SHIPPING MOTORS.

Yesterday was decidedly "motor day" at the shipping department of the Fort Wayne Electric works, as nearly every important consignment was a machine of that kind. Among the shipments were three motors of 3, 7 and 10 horse power capacity respectively to Davenport, Iowa; a 10 horse power machine to Richmond, Va., and a 7 horse power motor to Vicksburg, Mich.

PATROLMEN RETURN.

Peter Spanley, George B. Nicely and William Bates, Pennsylvania patrolmen, have returned from Allegheny, Pa., where they went several days ago on business connected with the department. The company moved one of its big bridges in that city and fearing that some of the spectators who would congregate at the scene might get in the way of danger, the company assembled a number of its police to keep them out of harm's way.

SOME SHOPMEN HURT.

This was an unlucky day for several shopmen. Charles W. Miller, an apprentice in the boiler department of the Pittsburg shops, met with an accident which cost him the loss of a finger and will result in his being on the absentee list several weeks. The unfortunate man was holding a bar for his comrades who were engaged in breaking out the stay bolts of a boiler. One bolt broke unexpectedly and the heavy battering ram drove the iron bar that Mr. Miller was holding forward with such force that the palm of his right hand was cut entirely across, severing the tendons so that when the member was held palm up, the fingers dropped down to an acute angle. Dr. Stemen was summoned to the shop, and after examining the wounded hand, ordered Miller taken to St. Joseph hospital, where the little finger was amputated and the gapping wound on the palm closed. Dr. Stemen believes the wound will heal and that aside from the loss of the little finger, the hand will in time be as good as ever. Mr. Miller has worked at the Pittsburg shops about twenty months. He was previously employed at the Wabash shops.

W. D. Anson, a locomotive fireman on the Wabash, had the end of the little finger of his left hand crushed last night at Huntington. The digit was caught beneath the lid of the tank box, which slipped while the fireman was putting some tool into the box. Mr. Anson remained on duty until this city was reached, when another fireman was put in his place.

Earl Stephen and E. P. Hanley, apprentices at the Wabash machine shop, each had an eye injured by chips of steel, while they were working with coal chisels. Neither accident is very serious, but the men will be off duty a few days.

CHICAGO LABORERS HERE.

Fifty laborers from Chicago were brought here yesterday and are now engaged in ballasting and straightening the rails of the new portion of the Wabash road. All the section men between this city and Montpelier have also been assigned to that work. Four work trains are now on the road also. The laborers from Chicago board in this city and are taken to and from their work on a special train. The new line got in bad shape during the soft weather of the past two months, but the line will soon be ballasted and in first-class shape.

TOOK ON MORE MEN.

As rapidly as possible the Wabash is adding to its shop force. Of course, every applicant for work is not hired, but good mechanics and helpers are never turned away. Yesterday the following were given positions in that shop: Machinist Ner Ellis, formerly of Bass works; Pipe Fitters William Ines and George Wakahan, late of Port Huron; Tinner Theodore Rainey; Boilermaker E. Seabold, late of the Nickel Plate; Boilermaker William Stelhorn and Boiler Apprentice Wallis Stanley. In the Wabash freight house Foreman George Trease hired Frank Cook to take the place of Ben T. Jones, resigned.

DECORATION DAY RATE.

The Central Passenger association has agreed upon a rate of a fare and a third for the round trip between all points in the association within a radius of 150 miles of one another, for Decoration day.

PROMOTION FOR SWEENEY.

General Manager Waldo, of the Cincinnati, Hamilton and Dayton, announced yesterday the appointment of T. A. Sweeney as trainmaster of the Cincinnati division of the road. Mr. Sweeney is at present general yardmaster for the company at Hamilton. He has served as operator, conductor and yardmaster at various times.

INDUSTRIAL NOTES.

Mrs. Fred Geerken, wife of the Pittsburg machinist, is quite sick.

Nickel Plate Brakeman W. B. Pierce is confined to his home by an attack of the mumps.

The Grand Rapids and Indiana pay car will be in the city between the hours of 10 and 12 Saturday morning.

Fred Kramer, a painter at the Pittsburg shops, has gone to the southern part of the county to attend the wedding of a relative.

Brakemen M. J. Miles, J. A. Deahl and D. C. Potts reported for work on the Nickel Plate yesterday, after an absence for various reasons.

Brakeman W. Long, of the Nickel Plate, has secured a thirty days' leave of absence, which he will spend at Salem, Ohio, his old home.

Engineer F. C. Jacquith and Firemen J. C. Williams and J. L. Shenk, of the Grand Rapids and Indiana road, are off duty on account of sickness.

President D. M. Woodford, of the Cincinnati, Hamilton and Dayton road, who has been in New York for two weeks, reached Cincinnati yesterday.

The recent advance of the wages of freight handlers at Chicago affected 8,000 men and increased the amount of the disbursements over $25,000.

The French railway companies have decided to make all first-class tickets yellow, all second-class green and third-class brown, the rule applying to both one-way and round-trip tickets.

Engines 62 and 63 and 26 and 29 have exchanged runs, the two former taking the place of the two latter in through freight and 26 and 29 taking local runs between Fort Wayne and Leipsic.

The Lackawanna is distributing among its employes rules governing the pension system, which that road has just placed in force. The age limit is seventy, the same as the Pennsylvania.

Nickel Plate engine 58, just out of the Stony Island shops, has been assigned to through freight service on the Third district, with Engineer H. W. Trease and Fireman George W. Conklin in the cab.

Gus Boggs, now a truckman in the Pittsburg freight house, but formerly assistant baggagemaster at the depot, is off duty nursing a lame foot. The instep of the member was bruised last night by a reel of wire falling upon it.

Charles J. Wiemar, the contractor who is to build the Noble factory building on Hayden street, has already commenced that work. The Sentinel described the proposed improvement and mentioned the object of the promoters several months ago.

Travel to Florida the past winter was the heaviest in the history of railways. The Chicago and Eastern Illinois reports that it carried over 4,000 people bound for Florida out of Chicago, which is an increase of over 1,000 over any of the preceding winters.

Last Monday the Brooks locomotive works commenced building engines for the Lake Shore company, on an order for thirty. They will be similar in pattern and capacity to the ten engines built for the Nickel Plate last winter and which are now doing such good service on the western division.

The Missouri River railroad company has donated a site and $13,000 in cash towards the erection of a Y. M. C. A. building at Little Rock, Ark. Miss Helen Gould gives $3,500 and the remainder necessary to pay for the structure is contributed by the citizens of Little Rock.

The Illinois Central, the Chicago and Eastern Illinois and the gulf lines have let the contract jointly for the construction of the bridge over the Mississippi river at Thebes. Its estimated cost is $2,225,000. It will be a double-track bridge, 2,650 feet in length, and under the act of congress must be completed by January 29, 1904.

Passenger men report large numbers of Russians coming to this country and scattering in every direction. A party of thirty-five families passed over the Vanderbilt lines en route to Cairo, Mich., on Tuesday; 160 Russians were turned over to the Missouri Pacific at St. Louis, bound for Sugar City, Col., and the Pennsylvania had large parties for Norfolk and Grand Island.

F. M. Cantant is operating a brass lathe at the Pittsburg machine shop during the absence of Julius Koch, who was injured a few days ago.

Machinist Fred Hohnholz, of the night gang at the Bass works, has taken a week's leave of absence for the purpose of visiting friends in Chicago.

Chief Draughtsman Wm. Stephan and Assistant Motive Power Superintendent W. C. A. Henry, of the Pennsylvania, left today for Pittsburg on business for the railway company.

Engineer William Longhenry, of the Pittsburg, and his son, are preparing for a pleasure trip, which will include a visit to Columbus and Cincinnati. They will leave next Monday.

Machinist Henry Galland resumed his duties in the Pittsburg shops this morning, after an absence for the purpose of attending the wedding of his daughter, Miss Matilda, to Nester Bobay.

Frank J. Robertson, H. Jacobs and H. Gumbert are sick; A. L. Redwards is attending a funeral; J. M. Zollars is moving, and G. Drayer is attending to private business. They are Pittsburg shopmen.

Mr. and Mrs. H. C. C. Mees are preparing for a visit with their married daughter at St. Louis and will leave early next week for that city. Mr. Mees has just been placed on the Pennsylvania company's pension list.

E. C. Wice, who was injured, and J. F. Turnbull, who was sick, reported for duty this morning. H. Hartman and G. O. Dowden are off duty, the former on account of his wife's sickness and the latter on account of being sick. They are employed at the Pittsburg freight house.

Chief Clerk Frank Reed, of the Pennsylvania motive power department, went to Pittsburg last night to meet J. A. Dildine, who occupies a similar position with the Pennsylvania Southwestern system. They will discuss matters of interest to the motive power department of both systems.

The clerks and other employes at the east car shops are mourning the death of a maltese cat, which was a general favorite with the men. The animal evidently committed suicide. It became offended at L. G. Dailey, ran out into the shop yards, climbed on the trucks of a moving car and deliberately dropped beneath the wheels and had its head severed from the body.

On Monday two more old retired pension members of the Pennsylvania, who were members of the wrecking crew of the Pittsburg division when Mr. Carnegie was its superintendent, received a letter from his agent telling that, beginning with April 30, they would receive monthly during life a check for $30. The fortunate men are Daniel and Charles Henry, aged seventy and seventy-two years.

BOARD OF WORKS PROGRAM

PAVING MATTERS TO COME UP THIS EVENING.

Action on Some Streets Will Be Deferred—General News of the City Hall.

The board of works will meet this evening in regular session and it is expected that most of the time will be occupied in hearing the "kickers" against the proposed paving of Van Buren, East Columbia and West Main street, Maumee avenue and Maiden Lane, resolutions providing for which were passed three weeks ago. Vigorous opposition is expected from some quarters. It can be safely predicted however, that the Van Buren street pavement will be passed over for another year by voluntary action of the board. The waterworks department is laying a twenty-inch water main along the entire length of that street and the board deems it unwise to place a pavement over a trench until the filled earth has completely settled, and it is estimated that at least a year should intervene. It is, therefore, not probable that Van Buren street will be paved this year.

WANT PLUMBING INSPECTOR.

The council committee on health held a meeting last night at the city hall to consider the plumbers' inspector ordinance and the burial permit ordinance, both of which are now on second reading and both of which were referred to at length when first introduced into the council some months ago. The plumbers say that a very large percentage of the plumbing done in Fort Wayne is imperfect and unsanitary and that the remedy lies in the appointment of an inspector, who shall be practical and competent and who shall pass upon every job of plumbing done in the city. His salary shall be paid out of a fund created by the charge of a dollar fee for each permit issued to do new or repair old work. The burial permit ordinance simply fixes the authority for issuing permits and is thought to conflict with the statutes. Owing to the absence of the city attorney, who is ill, and the enforced absence of Health Commissioner Macbeth, the committee decided to postpone recommendations until a future meeting.

CITY HALL NEWS.

The board of safety at its last regular meeting decided to purchase a new private wagon for Chief Hilbrecht, of the fire department. The wagon now used by the chief has been in service for a number of years and has seen some pretty hard knocks. The new one will be built especially for his use and will be of the most modern pattern. The question of employing additional men for truck No. 1 was deferred until it is known whether the council will make the necessary appropriation for their employment. At least two additional men are very badly needed.

A case of scarlet fever was this morning reported in the family of Rev. Lake, of the United Brethren church, at 912 East Lewis street. The smallpox patients are all reported on the high road to recovery and the McGlik cases at Hoagland have been pronounced well and quarantine in that town has been raised. No cases developed in Hoagland outside of the one family referred to.

The board of works has been for several days experimenting with a new street sweeper, propelled by hand. It is intended only for asphalt streets and is intended to supplant the old-fashioned shovel scrapers now in use. The improved sweeper picks up all the dirt and refuse, which is carried in a receptacle and can be deposited in small heaps as it fills.

Building permits have been issued to C. W. Greider, to build a barn on Organ avenue, at a cost of $100; R. Welty, addition to house on Columbia avenue, $200; William Royans, addition to house on Lafayette street, $350; P. H. Wyss, house on Smith street, $1,000; J. H. Blackburn, remodel house on DeWald street, $150; Amos J. Rousey, house on Maumee avenue, $1,000; H. L. Mollett, house on Rivermet avenue, $1,700.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

PATRICK J. QUINN NO MORE

FORMER FORT WAYNE MAN DIES AT LAKE GENEVA, WIS.

Mr. and Mrs. William Kohlbach Lose Infant Son—Other Deaths and Funeral Notices.

Patrick J. Quinn, formerly of this city, died this morning from paralysis in a hospital at Lake Geneva, Wis., where he went a short time ago in the hope of benefitting his health. Mr. Quinn was 39 years of age, unmarried and the son of Mr. and Mrs. Michael Quinn, of 607 West DeWald street.

Until about three years ago Mr. Quinn was a resident of Fort Wayne and he had a wide circle of friends in this city who will regret to learn of his death. He was for many years an engineer on the Wabash railroad, later taking a similar position on the Illinois Central with headquarters at Cairo, Ill. His hearing became affected and he was compelled to give up railroading. Going to Chicago Mr. Quinn held a position as stationary engineer in the sewer department there under his brother, W. E. Quinn, who is chief superintendent of sewers in Chicago. His illness assumed a serious character but a short time ago, and while friends in this city were aware of his ill health, they did not apprehend until yesterday that it would take so serious a turn.

Surviving are the parents, two brothers and four sisters. The deceased was a cousin of Dr. Daniel Quinn, the eminent Greek scholar, who was formerly connected with the University of Washington, D. C., and another cousin is now assistant United States consul at Athens. Bailiff Ed Quinn, of the superior court, is also a cousin.

The remains will be brought to this city, and the funeral services will be held from St. Patrick's church at a time to be announced later.

SISTER EDELTRUDIS.

Sister M. Edeltrudis, a member of the order of Poor Handmaids of Christ, died at 8 o'clock Wednesday evening at St. Joseph's hospital from tuberculosis at the age of 29 years. PASSES OLD LAW

SENATE VOTES TO EXTEND EXCLUSION ACT.

THE PLATT SUBSTITUTE WINS

PRESENT LAW TO OPERATE UNTIL DECEMBER 7, 1904.

IS APPLIED TO PHILIPPINES

SENATOR HOAR CASTS ONLY NEGATIVE VOTE.

Washington, April 17.—The provisions of the present Chinese exclusion act were extended until December 7, 1904, by the senate yesterday, and applied to the Philippines and all other insular possessions of the United States. The senate took this action by a vote that would have been unanimous had Senator Hoar consented to cast his ballot for it.

The drastic exclusion bill which was framed by congressmen from the Pacific coast and given the committee's indorsement was defeated. The bill as passed was in the form of a substitute proposed by Senator Platt, of Connecticut. It was carried—43 to 33.

NOW GOES TO HOUSE.

The senate failed to substitute the enacting clause of the house bill for the senate measure, so that the bill now will go to the house as an original measure, and from a parliamentary standpoint will have to be acted on and treated the same as though the house had not already passed a Chinese exclusion measure.

The friends of the Platt substitute showed their strength throughout the voting on amendments that preceded final action, and succeeded in preventing any material change in its features. Some minor conditions were made, admitting Chinese persons connected with national expositions, and providing for certificates of identification for Chinese in our insular possessions. Otherwise, however, the substitute was adopted substantially in the form that Mr. Platt presented it.

EXTENDS PRESENT LAW.

This substitute as presented for vote took the place of the entire bill. It reads:

"That all laws now in force prohibiting and regulating the coming of Chinese persons and persons of Chinese descent into the United States, and the residence of such persons therein, be and the same are hereby extended and continued, including the act, entitled, 'An act to prohibit the coming of Chinese laborers to the United States,' approved September 13, 1888, so far as the same is not inconsistent with treaty obligations now existing, in full force and effect until December 7, 1904, and so long as the treaty between China and the United States concluded on March 17, 1894, and proclaimed by the president on December 8, 1894, shall continue in force and said laws shall apply to all territory under the jurisdiction of the United States, and to all immigration of Chinese laborers from the islands of the mainland territory of the United States, or from one portion of the island territory of the United States to another portion of said island territory; provided, however, that this shall not apply to the transit of Chinese laborers from one island to another island of the same group, or to any islands within the jurisdiction of any state or of the district of Alaska.

TREATY MAY ABROGATE.

"Section 2. That in case said treaty be terminated as provided in article 6 thereof, this act and the acts hereby extended and continued shall remain in force until there shall be concluded between the United States and China a new treaty respecting the coming of Chinese persons into the United States and until appropriate laws shall be passed to carry into effect the provisions thereof.

"Section 3. That the secretary of the treasury is hereby authorized and empowered to make and prescribe, and from time to time change such rules and regulations as he may deem necessary and proper to execute the provisions of this act, and of the acts hereby extended and continued, and of said treaty of Dec. 8, 1894, and with the approval of the president to appoint such agents as he may deem necessary for the efficient execution of said treaty and said acts."

VOTE ON SUBSTITUTE.

The decisive vote was taken on the substitute proposed by Mr. Platt, of Connecticut, extending the present exclusion laws, and this prevailed, 43 to 33, as follows:

Yeas—Allison, Beveridge, Blackburn, Burnham, Burrows, Burton, Clapp, Clark, of Wyoming, Cockrell, Cullom, Deboe, Dietrich, Dillingham, Dolliver, Elkins, Foraker, Frye, Gallinger, Gamble, Gibson, Hale, Hanna, Henebrough, Hawley, Hoar, Kean, Kearns, Kittridge, McComas, McCumber, McLaurin, of South Carolina, McMillan, Millard, Morgan, Nelson, Pettus, Platt, of Connecticut, Platt, of New York, Pritchard, Proctor, Quarles, Quay, Scott, Spooner, Stewart, Warren, Wellington, Wetmore—43.

Nays—Bacon, Bailey, Bard, Bate, Berry, Carmack, Clark, of Montana, Clay, Culbertson, Fairbanks, Foster, of Louisiana, Foster, of Washington, Harris, Heitfeld, Jones of Arkansas, Jones, of Nevada, Lodge, McLaurin, of Mississippi, Mallory, Martin, Mitchell, Money, Patterson, Penrose, Perkins, Rawlins, Simmons, Simon, Taliaferro, Teller, Tillman, Turner, Vest—33.

PERFECTED BY MITCHELL.

The substitute was further perfected by an amendment proposed by Mr. Mitchell providing the judicial procedure in exclusion cases in our insular possessions.

Before the final vote was taken on the passage of the substitute bill Mr. Hoar gave notice that he would vote against the measure, and in this connection he made an earnest protest against the principle of exclusion. He believed that everything in the way of exclusion could be accomplished without involving the principle of striking at a particular class or race. Holding, as he did, that every soul had its rights, and that these rights were not dependent on color or race, he recorded his protest against this measure. The bill then was passed, 76 to 1, with Mr. Hoar, as stated, in the negative.

HOUSE WILL REJECT BILL.

The bill will now go to the house, where it will no doubt be rejected and the house bill substituted therefor, thus throwing both bills into conference. A strenuous effort will be made on the part of the house to retain the seaman's clause, but it is evident from the temper displayed today by the senate that this proposition is dead.

It is predicted that the house will recede with respect to the seaman's clause, the net result being that by the end of this week both houses will pass a bill re-enacting all existing exclusion laws, extending them over the insular possessions and continuing these laws until a new treaty shall have been made with China and thereafter until the new treaty shall have expired.

As the senate failed to substitute the enacting clause of the house bill for the senate measure the bill goes to the house as an original measure and from a parliamentary standpoint will have to be acted on and treated the same as though the house had not passed a Chinese exclusion bill already.

PERISH IN BURNING HOME.

St. Joseph, Mich., April 17.—In a fire which consumed their home Mrs. Wallace E. King, her three children and Miss Alma King perished yesterday morning at Wallin, Mich. Telegrams received here by relatives told of the tragedy. An engineer on a train first discovered flames issuing from the building and gave the alarm. Wallin has no fire department, but the neighbors responded and fought bravely to rescue the imperiled. Their efforts were in vain. The house was but partly completed and there was only a ladder leading to the second story, where the women and children were imprisoned by the flames. The ladder stood in the middle of the fire on the first floor. Mrs. King and her children were seen at a window, but they could not be reached and the falling walls buried them in the flaming ruin. The charred bodies were recovered later. Mrs. King was the daughter of George Granville, who resides near Benton Harbor. Her husband was away from home at the time of the fire.

DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harlison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

A PRO-BOER SENSATION.

Victoria, B. C., April 17.—News of a pro-Boer sensation in the Australian house was received by the steamer Moana. Senator Higgs made a pro-Boer speech, arguing that there was no justification for the sending of contingents to South Africa by Australia to aid in exterminating a brave people and he argued for general amnesty for the Boers, his speech being drowned in the uproar it created.

HE DIDN'T KNOW THE BISHOP

AN AMUSING STORY OF HON. J. M. ROBINSON.

The Congressman Sized Up the Famous Churchman for a Butler on the Harbor Point Links.

"Stories of a Strenuous Bishop," is the title of a collection of anecdotes of Bishop John Hazen White, of the Episcopal diocese of Michigan City, in which this city is included, which appeared in a recent issue of the Chicago Inter-Ocean. The bishop has visited in Fort Wayne a number of times and is well known here. Congressman Robinson knows everybody in the Twelfth district by his first name, but he didn't know the bishop until the incident narrated took place:

It was afternoon of a sultry August day. Even the youthful enthusiasts had deserted the golf links of the fashionable Harbor Point club, but a solitary figure might have been seen sharply defined against the unbroken blue of the hot sky. The man's appearance was striking. He was tall, with a big, sinewy frame, somewhat awkwardly put together. From every pore of his scarlet face perspiration was dripping in a constant stream, and the big patches of discoloration on what might once have been a white silk shirt gave evidence that the exercise and heat together were subjecting the lone player to an out-of-door Turkish bath. Yet he swung his clubs with vigor and strode easily and quickly across the gentle undulations of the meadow with evident enjoyment.

Near the fourth hole a clump of bushes made a difficult hazard. The player took careful aim and with a neat stroke dropped his ball into the hole.

"Well done, my man," cried a patronising voice from the scanty shade of the bushes. It belonged to a comparatively short and heavy individual, who looked quite as ridiculous as most middle-aged men in golf costume. The suit at its best is not beautiful. On a stout gentleman who is being rapidly reduced to grease spots under the burning rays of a summer sun it becomes a fit subject for a caricaturist. The newcomer threw himself beside the other on the hot grass and spoke artlessly of his play.

"I don't get much time except afternoons," he said, "and I will own I am proud of that stroke. It is the first time I have made it from that distance."

"Been here long?" queried the short man.

"A week tomorrow; I haven't seen you before."

"No; of course not," replied the short man. "I just came this noon. By the way, whose house are you in?" He had been debating the possibilities and concluded that his new acquaintance, being somewhat old for a coachman, must be the butler of some aristocratic mansion."

"I'm at the club house," answered the tall man.

"Why, is Jenkins gone?" queried the other. There was a twinkle in the blue eyes of the golf player.

"No," he answered, "Jenkins is still there, but there are so many things for a new man to learn." To himself he added: "He is probably in the service of that New York family who were to come today. I presume Jenkins would be horrified at the thought of cutting such a figure in public as I do. Now for some fun." They drifted into a desultory conversation about the difficulties of a steward's position in so large a club house, and finally concluded to finish the game together. The short man was more than once surprised at the clever stories his companion related, and more especially at the richness and beauty of his language. They walked back across the fields together, and as they approached the club house the short man grew silent and reserved. "I hope there won't be anyone around to see me hobnobbing with the new steward," he kept repeating to himself. His companion's blue eyes were fairly dancing. "They will tell me I've got the genuine golf craze now, to spend an afternoon on the links with a serving man from New York," he thought. As they reached the parting of their ways the tall man held out his hand.

"We have enjoyed a very delightful afternoon together," he said, "and it would be a source of gratification to me to know to whom I am indebted for the pleasure."

"Certainly, sir," responded his companion impressively. "I am the Honorable James M. Robinson, of Fort Wayne, Ind., United States representative for the Twelfth district."

The congressman had expected to make an impression upon his new acquaintance. He was therefore, not surprised to see him collapse, speechless. But he was scarcely prepared for the outburst of merriment which followed. Peal upon peal of the heartiest, most infectious laughter he had ever heard burst from the tall man's powerful throat. The congressman found himself laughing, too, unmindful of the attention being drawn to them from the now crowded piazza. One of the idlers came down the steps.

"I say, Bishop, tell us the joke," he said. "How do, Robinson." The tall man did not cease his merriment. The congressman turned to the newcomer.

"Say, who is this man Bishop, anyhow?" he whispered.

"Don't you know him? I thought you had been playing golf together," responded the newcomer. "That is the Rt. Rev. John Hazen White, D. D., bishop of Michigan City."

FRICK'S SCRAP OF A PAPER.

New York, April 17.—Henry C. Frick, the steel magnate, has deposited at the banking house of J. P. Morgan & Co. what is probably one of the most valuable pieces of paper in existence. It is a certificate for 100,000 shares of preferred stock in the United States Steel corporation, yielding Mr. Frick dividends of $700,000 annually. It is stated that the deposit was made for the purpose of exchanging two-fifths of the preferred stock it represents into $4,000,000 worth of bonds of the proposed new issue. The balance in the deal, $8,000,000, will be repaid to Mr. Frick in the shape of a new preferred stock certificate.

A DOCTOR'S BAD FLIGHT.

"Two years agb, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by Dreier & Bro. 50c and $1.00. Trial bottle free.

IS MOST SERIOUS

GRAVE STATE OF AFFAIRS IN HAYTIAN REPUBLIC.

AN UPRISING IS IMMINENT

PRESIDENT SAM MAY CAUSE MUCH TROUBLE.

VENEZUELA'S ALIEN LAWS

THE RIGHTS AND DUTIES OF FOREIGNERS.

New York, April 17.—Private advices from Port-Au-Prince by way of Kingston, Jamaica, are, says the Herald, indicative of a far more serious state of affairs in Hayti than is generally known to the outside world. The recent uprising in the vicinity of Jacmel, which was quickly suppressed, is, according to the Herald's informant, but a forerunner of serious trouble for President Sam. The letter continues:

"The political situation here is most serious, and every indication points to a general uprising of the people of Hayti, if President Simon Sam persists in his announced intention of attempting to remain in power after May 15, on which date his term expires. Many citizens have been imprisoned throughout the republic. In Port-Au-Prince the prisons were not sufficiently large and the government gun-boats were used.

"The entire city of Port-Au-Prince is in a state of great excitement. All doors of buildings are kept closed whenever possible in fear of conflict between the opponents of President Sam and the soldiery."

VENEZUELA'S ALIEN LAWS.

(Correspondence of Associated Press.)

Caracas, Venezuela, March 19.—The new law defining the duties and rights of foreigners who may be found within the territory of Venezuela has just been submitted to congress by President Castro.

In substance it is as follows:

Foreigners shall enjoy the same civil rights as Venezuelans, as determined by the constitution of the republic. They shall be considered either as domiciled or as in transit.

Domiciled persons are all who have acquired domicile in accordance with the provisions of the civil code.

All who have resided within the territory voluntarily and uninterruptedly for upwards of two years without a diplomatic character; or for purposes of trade, or any other industry, provided they have a permanently established home, although they may even be invested with a consular character.

All who possess real estate within the territory of the republic, or who have established their permanent residence there.

All others found within the republic who are not included in the foregoing provisions shall be considered as foreigners in transit.

Domiciled foreigners shall be subject to the same obligations, as regards both their persons and property, as Venezuelans, but are not subject to military service nor for the payment of any contributions in case of war.

Foreigners shall not mix in the public affairs of the republic nor in anything relating therein, either publicly or through press.

Resident foreigners who violate the last-named provision in whole or in part shall lose their condition of foreigners and shall be subject to the responsibilities, etc., which may attach to nationals. Foreigners in transit who may similarly transgress the provision shall be expelled from the country forthwith.

The penalty for the violation of the last-named provision shall now be inflicted without due legal proceedings and there shall be no resort to the diplomatic channel, except when, having exhausted all legal means before the competent authorities, it clearly appears that there is a denial of justice or notorious injustice.

Foreigners, like Venezuelans, have the right to claim from the government by way of indemnification all losses or damages which might be occasioned to them in time of war by legitimately constituted authorities, but they cannot claim compensation for loss or damage by the agents of armed bodies in the service of any revolution.

The executive decree of Feb. 14, 1813, concerning the duties and rights of foreigners, and the executive decree of July 30, 1897, which relates to the meddling of foreigners in the electoral business of the country are repealed.

The Tippecanoe club dance at the Wayne club last evening was a very enjoyable affair, the guests numbering nearly a hundred. The ballroom was decorated with the national colors, and the Annex orchestra played for dancing. The committees in charge of the affair were: Messrs. Edwin Orr and Fay Randall; for the floor, Messrs. Will Geake, jr., C. R. Lane, George Piepenbrink, Ronald Furman, Fred McCracken and George Waldschmidt; for invitation and program, Messrs. Randall, Geake, Orr, Lane, Will Rundell and Dr. Edward Hartman; for music, Messrs. Harry Stopher and George Waldschmidt.

MAY JOIN SUNDAY LEAGUE

PROPOSITION RECEIVED BY THE SHAMROCKS.

League of Independent Teams of State May be Formed—Columbian Giants Coming.

Manager Mart Cleary, of the Shamrocks, has under consideration a proposition to join a Sunday base ball league, consisting of the strongest independent teams of the state, and if satisfactory arrangements can be made, it is probable that the proposition will be accepted.

S. R. Snell, of Muncie, is the originator of the plan, and he has written the managers of the Indianapolis Reserves, Richmonds, Andersons, Marion and Shamrocks asking their views on the matter, and if the plan meets with favor, a meeting will be called for Muncie next week at which the league will be launched.

The Union Traction company, whose lines run through all the above mentioned cities, except Fort Wayne, is back of the movement, and has offered excellent inducements to the teams. It will carry the players free and will pay half the railroad fare of the Shamrocks, providing they join the league. Games will be played in each city every other Sunday and on holidays.

The Shamrock base ball team is one of the best in the state, and should have no trouble in winning the state championship. The Shamrocks have defeated all the teams mentioned above and have always drawn good crowds wherever they have appeared. Since all prospects of reorganizing the Western association have disappeared, there is no doubt that the fans would welcome the proposed league and give it hearty support.

COLUMBIAN GIANTS COMING.

Manager Cleary has completed arrangements with Manager Grant, of the famous Columbian Giants, for a game at League park on Wednesday, April 30th. The colored team is the fastest aggregation of ball players outside of the big leagues and have always drawn large crowds in this city. They are playing exhibition games with the American, National and Western leagues and American association, and have won a majority of the games. Robbins will pitch for the Shamrocks, and it is probable that Grant will twirl for the Giants.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

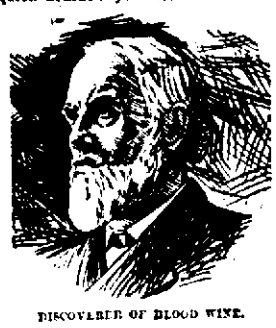
FROM HEADQUARTERS.

Manager Blood Wine Company Replies to Numerous Local Inquiries.

SOME INTERESTING FACTS MADE PUBLIC FOR THE FIRST TIME.

The following letter has been received by us, and will no doubt interest many of you on account of containing the replies from the "Blood Wine" company to the questions asked by several of our citizens.



DISCOVERER OF BLOOD WINE.

TO THE EDITOR:

Dear Sir—We have had a great many letters from people of your city since "Blood Wine" was first introduced, and while we have tried to reply direct to each inquiry, there may be some we have overlooked. If so, we wish to apologize; and when we say that our mail amounts to over a thousand letters a day, we are sure that your readers will pardon us, and accept this letter in lieu of a personal one. Many people ask us if "Blood Wine" will cure consumption. To these we will say that as far as we have been able to learn, excepting in a few cases, where the disease was of old standing and advanced to a state where the lungs were literally decomposed before our treatment was commenced "Blood Wine" has cured this and the allied diseases, which include coughs, colds, bronchial affection, catarrh of the head and throat, pneumonia and weakness of the lungs. It will heal the lungs and relieves the tender feelings.

Many have inquired about kidney troubles—to all so affected we can truthfully recommend "Blood Wine." Excepting in advanced stages of Bright's Disease it is almost certain to correct the wrong activity and restore normal conditions, and we have known it to bring about really remarkable cures of Bright's Disease.

To the elderly gentleman who states that he has chronic constipation, brought on by close office work and sedentary habits, we would suggest the immediate use of "Blood Wine." Take in moderate doses at first; to assist the medicine, take some form of exercise after arising in the morning, if only for a few minutes. You are sure of being benefited.

To the woman who signs herself only "Mrs. B."—we would say: take "Blood Wine" in the morning before breakfast as directed on the bottle. We are sure you can retain it. If you noted a slight burning in the stomach at first, eat a very light breakfast. You will soon be so you can take a hearty meal and enjoy it, and you will find the color will return to your cheeks in a week or so, and your faintness, soreness and dragged out feelings will all disappear. Then you will be able to do your housework.

To Mr. R.—We cannot do anything for your rupture. This is an affliction out of the reach of "Blood Wine," and should be submitted to a specialist skilled in such matters.

In conclusion we will advise all whom are interested in "Blood Wine" to call at their druggists and they will get more complete and definite information than we can give in this brief letter. You can sample "Blood Wine" there free of charge. Read the literature and get some facts that will appeal to you seriously. We could fill this entire page with letters of endorsements, and words of praise from thousands of sufferers who, by the aid of "Blood Wine" have been lifted out of the clutches of disease and restored to full health and vigor. It is our aim to aid friends everywhere. We are careful to make honest statements and to mislead no one. "Blood Wine" is not a cure all. It has no supernatural charm to place in the power to make the grave give up its dead. But in several forms of disease all those for which it is recommended, it will bring about thorough, permanent speedy cures in ninety-nine cases out of every hundred.

Yours truly,

LOUIS DAUDELIN CO.

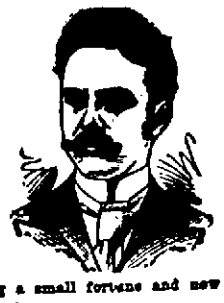
VARICOCELE!

Have You Got It?

We Will Cure You In Five Days.



Do not waste time taking medicine, applying local applications, electric belts or suspensories. You burn your money. That kind of treatment will never cure you. Never a day passes without a number call at our office suffering from this terrible malady, Varicocele, telling us their misfortune of falling in hands of quacks; been treating with them from one to five years—spending a small fortune and now worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come to us and be cured.

It matters not by whom you have been treated, how long a sufferer or how bad a Varicocele you have; we will cure you just as sure as 2 and 2 are 4. If we don't, not one cent will it cost you. Our treatment for Varicocele is painless, no cutting, no blood and will not stop you a day from your daily work. If you are a sufferer from Varicocele, call at our office and we will gladly explain our method of curing this malady. This will cost you nothing and we will explain to your own satisfaction that WE CURE VARICOCELE TO STAY CURED.

STYLISH SPRING COSTUMES.

GOWN OF DARK BLUE ZIBELINE.

The New Hip Yoke.

For early spring wear the tailor-made idea still prevails, the gowns on the whole showing a far greater simplicity than has been the case for

the last few seasons. Our illustration shows a gown of dark blue zibeline, the Eton showing a very novel effect in the way of stitching. The jacket is cut without a collar and the revers may be either of striped silk or trimmed with straps. The skirt is cut with a yoke below which are wide tucks stitched down with white Corticelli stitching silk.

Quite a new material is the double-faced linen which will undoubtedly arrive at the height of popularity during the summer and will be employed to evolve some very fetching gowns. Very little trimming is required on them as the reverse side of the linen will answer admirably for this purpose. A wide latitude is given the skirts, although the fundamental principle—flaring at the hem—is still adhered to. This effect is gained in different ways, either with curved seams or with a flounce, and is sometimes still further increased with clusters of tucks, or with small inset panels at the hem of contrasting material and color. It stands to reason that heavy goods like homespun, tweed and mixed fabrics in general will make up much more satisfactorily in a plain, gored skirt.

MR. MULLIN'S CASE.

Pitcher George J. Mullin is sorely perplexed. He is said to have signed a personal contract with Mautner to play here th eason, and afterward to have sig contracts with Detroit and B yn, accepting advance money ell three. He is very anxious t in Detroit, but fears a suit for ch of contract. The grand jury l edo has indicted Pitcher Joss, o jumped from Toledo to Cleveland, and Mullin is afraid the same thing will happen to him. Mr. Mautner has ordered Mullin to report here and will demand his pound of flesh. Mullen says he will never work for Mautner, and the Fort Wayne manager says Mullin will work for whomsoever he chooses or he won't play base ball.

BOND FOR E. G. RATHBONE.

Havana, April 17.—A fidelity company has filed a bond for $100,000 with the court as bail for the appearance of E. G. Rathbone, the former director of ports, on his appeal. This company's bond was refused when offered for the appearance of Mr. Rathbone when he was first arrested, but his lawyers now insist that, according to law and in the interests of justice, bail should be accepted. The company has risks amounting to $2,000,000 in Cuba, mostly on account of government employes. The president of the court has consulted with Governor Wood concerning the matter of accepting the bond. The court has not yet decided to accept the bond of the fidelity company for the appearance of Rathbone. If this bond is not accepted, counsel for Rathbone will probably apply for a writ of habeas corpus.

DECISION IN BANK CASE.

Detroit, April 17.—The Wayne circuit court today handed down a decision holding that the savings depositors of the wrecked City Savings bank must be preferred over the commercial depositors in the distribution of the money to be realized from the sale of the bank's real estate investments.

The court holds that the proofs show that the real estate loans, amounting to $986,282.86, were made from the savings department; that the interest was turned into the savings department and that the failure of the bank was virtually a failure of the commercial side of the bank by overdrafts and mismanagement. The court also traces $111,600 to the savings bank side and holds that it also belongs exclusively to the savings depositors.

UPHOLDS MAJOR WALLER.

Rev J. Stuart Ainslie, formerly pastor of Plymouth Congregational church, this city, and now president of the Congregational Ministers' association, of Chicago, rejoices in the acquittal of Major Waller of the charge of shooting Filipinos without trial. In an interview in the Chicago Post Rev. Ainslie says:

"I was inclined to condemn Major Waller, but the verdict has changed my ideas. It seemed to me very rank at first, but when a soldier is ordered to do a thing by his superior officers his responsibility for the act disappears. The soldiers in the Philippines are in touch with conditions there. They know what they have to contand with better than we, and, while every person feels that the people should be treated with kindness and humanity, we cannot condemn a man who is under the stress of starvation and suffering we have not experienced. I believe our soldiers are doing the best they can."

Rev. Ainslie's views are not indorsed by several prominent Chicago ministers and they have condemned his utterances on the subject.

HAS TURNED OUT MANY STARS

FORT WAYNE MEN IN BASE BALL FIRMAMENT.

St. Louis Star Gossips Concerning Players Well Known in the Summit City.

(St. Louis Star.)

Lou Heilbroner, of the resident National League club, resides at Fort Wayne, Ind., the town where Powell and Criger came from, in the off-season. "Chick" Stahl, as clever a fly-gatherer and timely a leather pummeler as there is in the business; Norman Brashear, Al Fisher and George Mill are also residents of that thriving Hoosier town.

Tim Flood, who had a trial in the league with St. Louis a year or two ago, looks to be a fixture at second, although Willie Prout knows quite a bit about that territory. Flood is a left-handed batter and a fast man on the bases.

BRASHEAR A COMER.

There is a hot battle waging between Smoot and Brashear for occupancy of the middle suburb. Smoot loomed up as a 1 to 10 shot over the former Miller when the braves first came to town, but Brashear has been coming with a great rush of late, while the bulky Homer has shown little if any improvement.

Friday, as regards the various columns, the two players ran a dead heat. Each scored two runs, rapped out a double and pulled down two flies. Brashear's performance, however, was the better. His two-base soak went to deep left-center like a shot, and but for hitting a boggy spot would have continued on to the fence and netted him the circuit. Smoot's drive was a fierce one, down the first base line, which bounded high and went over Ganzel's head, just as he was set for a stop.

Brashear's two catches both came after a stern chase, while Smoot's two efforts in this line were "cinches." Brashear kept up his fast work by stealing a base on both Schriver and Spies, third being taken on the former, thanks to a clever head-first slide.

REV. WALTS COMES FRIDAY.

(Logansport Reporter.)

Rev. J. K. Walts has arrived home from Marion, where he attended the conference, and is making preparations to remove with his family to Fort Wayne, where he has been assigned to the pastorate of Berry street church, the most important charge in the city of Fort Wayne. This appointment is a very pleasant one for Rev. Walts, owing to the fact that about fifteen years ago he was pastor of this same church and served for three years, which was the limit of continuous pastorate at that time. On Friday he will go to Fort Wayne to attend a meeting of the trustees and other officials of the church, when a contract will be let for the erection of a fine new church. The reverend gentleman's reputation as a debt payer and church builder which he established during his five year's service at Wheatland street, has gone ahead of him and he will now have another opportunity of piloting the Fort Wayne church through the important business of rebuilding.

TICKET IN FIELD

THE PROHIBITIONISTS MAKE STATE NOMINATIONS.

DUNGAN HEADS THE LIST

INDIANAPOLIS MAN NAMED FOR SECRETARY OF STATE.

ALLIANCE PLAN IS ADOPTED

PLATFORM DENOUNCES THE OLD PARTIES.

Indianapolis, April 17.—The prohibitionists of the state in their closing session yesterday afternoon placed in the field a full state ticket and authorized the state executive committee to name six judges of the appellate court. The ticket stands as follows:

For Secretary of State—James M. Dungan, of Indianapolis.

For Auditor of State—J. Levi Lord, of Mays, Rush county.

For Treasurer of State—Preston Rider, of Columbus.

For Attorney General—Sumner W. Haynes, of Portland.

For Clerk of Supreme Court—Charles F. Hollei, of South Bend.

For Superintendent of Public Instruction—Prof. Andiew Mitchell, of Bloomingdale.

For State Geologist—Earl Steinspring, of Lafayette.

For State Statistician—J. Lewis Speisher, of Urbana.

Mr. Dungan, candidate for secretary of state, was called to the platform by the shouts of the delegates, and made a brief speech, thanking the convention for the honor conferred upon him. He referred to his defeat as the prohibition candidate for mayor in the last campaign and scored the Bookwalter administration for allowing a wide-open town. He declared that the reason this condition prevails is because it was voted for by the church members of Indianapolis.

The majority of the nominations were unanimous. All of the nominees made speeches of acceptance.

ALLIANCE PLAN INDORSED.

At the morning session a resolution presented by the state committee indorsing the alliance plan and recommending its adoption and organization in every precinct, and recommending, further, that every voting prohibitionist subscribe shares on a basis of not less than 1 per cent of his income, was unanimously indorsed.

After a permanent organization had been effected, with Rev. A. L. Crim, of Crawfordsville, chairman, and Edward W. Clark, of Indianapolis, secretary, the reports of the committees were heard. F. T. McWhirter, of Indianapolis, presented the report of the resolutions committee.

PLATFORM ADOPTED.

The platform adopted by the convention submits the proposition that "neither the republican nor democratic party will oppose the license of the liquor traffic in their respective platforms, nor will either of these parties lessen the domination and increasing power of brewers, distillers and retail liquor dealers within our borders," and charges that "suicides caused by the debasing influence of alcohol, murders nerved by strong drink, disease, insanity, want, hunger and death by thousands of our people year after year result from continuing the republican and democratic parties in power."

It charges further that "the republican and democratic parties are unworthy of trust; that the license of the liquor traffic by them increases the burden of taxation to the extent that for every dollar of license and revenue collected from liquor dealers, at least $10 is expended in the care of the product of the saloon, the equipment and maintenance of jails, poor houses, police and in political corruption, whose bulwark is the saloon."

MICHIGAN CITY SCANDAL.

It severely criticises every member of congress from the state which "has failed to make effort to correct the inhuman methods practiced by our army in the Philippine islands, as shown by the official reports and court martial trials, and for his tacit consent to the legalizing and regulation of vice, demoralizing our army in the Philippines and elsewhere." It denounces convict labor, and asserts that "the present practice of punishing convicts should be impartially investigated by a non-partisan commission and that the control of the penitentiaries should be vested in officers whose humane and Christian qualification shall have been well established by testimony duly filed with the secretary of the state."

It pledges the party, in conclusion, in all matters demanding legislation, to be governed by the "same principle that leads us unalterably to oppose the legalized liquor traffic," and urges every voter "who is against the saloon, and who favors other immediate reforms, to record his conviction in the ballot box at the coming election by voting the prohibition ticket."

MONEY SUBSCRIBED FOR CAUSE.

Nearly $1,500 was subscribed for the cause of prohibition yesterday morning. W. H. Boles solicited the money. The subscription was started by Charles Eckhart, of Auburn, who gave $200 and agreed to give $300 more if $4,500 was raised within the next thirty days, and $500 more if $9,000 was raised. C. O. Fenton, of Logansport, said he would be one of twenty men to give $100 each, but the twenty were not forthcoming.

The new state central committee, which is the same as the old committee, with the exception of the member from the Fifth district, who is Lee Macmillan, of Rockville, and the member from the Ninth district, C. W. Everman, of Michigan City, was scheduled to hold a meeting last night after the close of the convention, but it was decided to dispense with the meeting owing to the fact that so much of the business had been transacted in open convention.

EARTHQUAKE IN HEBRIDES.

Vancouver, B. C., April 17.—Advices from Australia state that on the 10th of last month the New Hebrides islands were shaken by an earthquake. The shocks subsided next day somewhat, but at intervals were renewed throughout the week. Six hours after the first trembling the city became a blaze of light and Ambrim, Lopevi and Tingoa volcanoes burst into action, the last named blowing out a new throat into the sea and sending a great waterspout over the land. The devastation caused by the earthquake was widespread.

REFORMED PRESBYTERIANS.

Pittsburg, Pa., April 17.—The executive committee of the Alliance of the Reformed and Presbyterian churches resumed its sessions at 10 o'clock today in the Shadyside Presbyterian church with devotional exercises, led by Rev. Dr. E. V. Gerhart, of Lancaster, Pa. Addresses by Rev. Dr. A. G. Wallace, of Sewickley, Pa., and Rev. Dr. E. R. Eschbach, of Frederick, Md., and the reading and discussion of the reports of the committees on home mission work and Presbyterian and Reformed church history occupied the entire morning.

PHYSICAL TUTOR BADLY HURT.

Terre Haute, Ind., April 17.—Prof. J. P. Kimmel, physical instructor in the Indiana state normal school, was hit accidentally with a sixteen-pound hammer thrown by Captain Beecher, of the track team, and probably fatally injured. His skull was slightly fractured and there is a decided concussion of the brain.

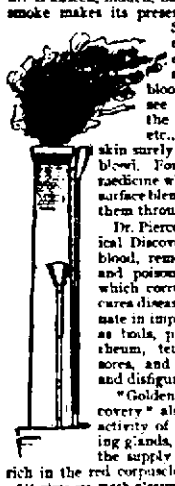
ATTACKS HIS WIFE IN JAIL.

Washington, C. H., O., April 17.—Henry Cross, the negro who was recently indicted for murder in the first degree for beating an adopted child to death, last evening fatally stabbed his wife and attempted to kill himself at the county jail. Mrs. Cross went to the jail to see Cross and was left alone with him for a short time. While the jailer was gone Cross attacked his wife with a barlow knife, stabbing her many times, and cutting his own throat. The woman will die, but Cross will probably survive.

Miss Sadie Fleming gave a prettily appointed pedro party last evening in honor of Miss Mary Murdock, of Lafayette; Miss Gertrude Morris and Mrs. E. H. Coombs. The rooms were decorated with Indian and Mexican relics and the score cards, playing cards and prizes were all in keeping with the occasion. Refreshments were served by Seidel.

Where There's Smoke

There's fire, the saying runs, and so as a general rule the saying holds true. The fire is unseen, hidden, but the ascending smoke makes its presence undoubted.



Similarly you can argue from eruptions of the skin to corrupt blood. You can't see the blood, but the pimples, boils, etc., which mar the skin surely indicate impure blood. For this reason the medicine which cures these surface blemishes must cure them through the blood.

Dr. Pierce's Golden Medical Discovery purifies the blood, removes the waste and poisonous substances which corrupt it, and thus cures diseases which originate in impure blood, such as boils, pimples, salt-rheum, tetter, eczema, sores, and other painful and disfiguring diseases.

"Golden Medical Discovery" also increases the activity of the blood-making glands, thus increasing the supply of pure blood, rich in the red corpuscles of health.

"It gives me much pleasure to testify to the merits of Dr. Pierce's Golden Medical Discovery," writes Miss Annie Wells, of Fergusons Wharf, Isle of Wight Co. Va. "I can say honestly and candidly that it is the grandest medicine ever compounded for purifying the blood. I suffered terribly with rheumatism and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors' bills but received no benefit. A year ago (1900) I was reading one of your booklets and decided to try Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' and am entirely cured."

Accept no substitute for 'Golden Medical Discovery.' There is nothing "just as good" for diseases of the stomach, blood, and lungs.

Dr. Pierce's Pleasant Pellets regulate the bowels.

A BOOKKEEPER IS MISSING

NEW YORK BANKERS LOSE A CONFIDENTIAL EMPLOYE.

One Hundred Shares of Stock Also Disappear and Later Are Deposited for Loan of $5,000.

New York, April 17.—Ames, Swan & Co., bankers and brokers, last night asked the police to aid them in clearing up the mystery of the disappearance from their office yesterday of 100 shares of Chicago, Milwaukee and St. Paul stock, said to be worth about $17,000. The firm also asked that the non-appearance of their confidential bookkeeper, Allen F. Hedges, be looked into.

Mr. Hedges entered the firm's employ about a year ago. He went out at his usual time for luncheon yesterday and a minute later a member of the firm had occasion to ask for the hundred shares of stock which had been brought in from A. S. Leyland & Co. The cashier happened to be out when the stock was received, and it did not pass through his department. When inquiry was made for it no trace of the shares was to be had, and Hedges did not come back from lunch.

Inquiry was made at both the stock and consolidated exchanges and from the latter word was received that the shares had just been handled there and sold to Zimmerman & Forshay, bankers. That house was notified and further sale of the stock stopped until the mystery could be explained. The stock had not been purchased outright, but had been taken as collateral for a loan of $5,000, and no greater sum was involved as far as loss to Ames, Swan & Co. might be considered.

Expert accountants were at once put to work on the books of the firm and worked through the night to see if any other losses could be traced. Up to a late hour no additional ones were found. During the year Hedges had been with the firm he handled large sums of money and was considered honest. He is 45 years of age, married and lives in Brooklyn.

THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills, fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fails to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Dreier & Bro. guarantee satisfaction.

During a recent week there were no fewer than 27 suicides committed in Madrid. Love and financial troubles claim most of the victims.

SHOT IN HIS LEFT LEG.

For all kinds of sores, burns, bruises or other wounds, DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered many years from a sore caused by a gunshot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." Meyer Bros. & Co.

The antives of Guam are intensely musical. Scarcely a house is without some musical instrument, the well to do having pianos.

CHRONIC BRONCHITIS CURED.

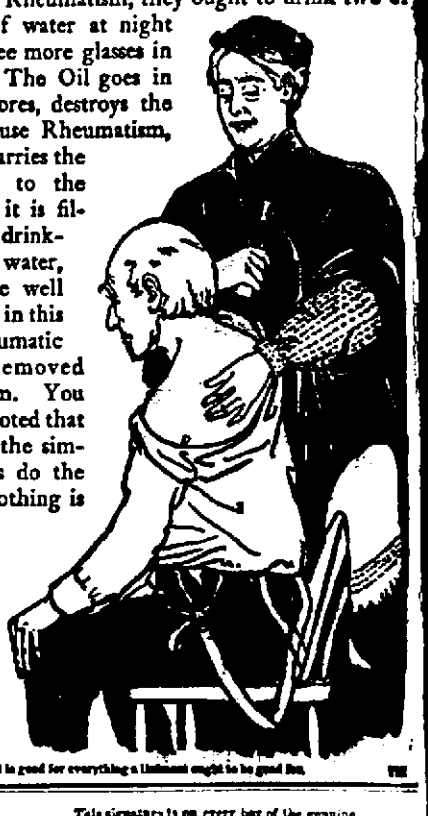
"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Dreier & Bro. and Pellens & Polster.

Ralph Connor's great story, "Black Rock," will commence in The Sentinel next Saturday. The St. Louis Globe-Democrat says it is the greatest story of the nineteenth century. Get ready to read it.

FORMER KING IS DEAD.

Epinay, Department of the Seine, France, April 17.—Don Francisco D'Assise, the former king of Spain, died here last night at the age of eighty years. He was expelled from Spain in 1868.

Rheumatism
Omega Oil



A good doctor says that while people are using Omega Oil for Rheumatism, they ought to drink two or three glasses of water at night and two or three more glasses in the morning. The Oil goes in through the pores, destroys the acids which cause Rheumatism, and the blood carries the destroyed acid to the kidneys, where it is filtered out. By drinking plenty of water, the kidneys are well washed out, and in this manner the rheumatic poisons are removed from the system. You have probably noted that in all sickness the simplest treatments do the most good. Nothing is simpler than drinking pure water, and rubbing the body and muscles, and tendons, and joints with Omega Oil. 50c. a bottle.
Omega Oil is good for everything a liniment ought to be good for.
